The delivery charge is included in the Basic Recommended Retail price and is made on all models for delivery to the Dealer's premises. Where delivery is not made to the customer at the Dealer's premises a further charge may be made by the Dealer.

The Vehicle Excise Duty (VED) charged on new cars is based on their engine's CO<sub>2</sub> emissions\* (expressed in grams per kilometre (g/km)). All CO<sub>2</sub> emissions figures in g/km are from officially approved tests under the Passenger Car (Fuel Consumption and CO<sub>2</sub> Emissions Information) Regulations 2001 and in accordance with EEC Directive 93/116/EC

The chart above shows the Bands and the VED which will be levied (effective 1st April 2014).

# FUEL AND PERFORMANCE

The fuel economy figures quoted in the table below are achieved by following strict EU governed test procedures and are specifically designed to enable customers to compare vehicles from all manufacturers on a like-for-like basis. Fuel consumption is directly affected by the length of the journey, number of passengers and amount of luggage carried; individual driving style; road and traffic conditions; weather conditions; vehicle age; mileage, condition and standard of maintenance; use of vehicle features such as air conditioning and any modifications to the vehicle such as the addition of a roof rack. Your fuel economy will vary based on these and other factors and, for these reasons, many drivers may not achieve the EU fuel figures (below) in day-to-day driving although the vehicle is technically capable of doing so.

ØThe declared fuel consumptions and CO<sub>2</sub> emissions are measured according to the technical requirements and specifications of European Directive 80/1268/EEC or the European Regulation (EC) 715/2007 amended by (EC) 692/2008 as last amended. Fuel consumption and CO<sub>2</sub> emissions are specified for a vehicle type and not for a single car. The applied standard test procedure enables comparisons between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors are very important in determining a car's fuel consumption and CO<sub>2</sub> emissions. CO<sub>2</sub> is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO<sub>2</sub> emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded from <http://carfueldata.dft.gov.uk/>. Note all vehicles are Durashift 5-speed manual unless otherwise stated.

# FORD PROTECT

## OTHER PRICING CONSIDERATIONS

### Customer Order Price Protection

Ford's Price Protection Plan means that the price you pay is the same as the price on your order as long as you are prepared to accept delivery within three months, and in any event, as soon as your vehicle is available. Your Dealer has full details of the plan. Ford Motor Company Ltd is not liable for changes in price caused by Government changes in tax rates or changes in other applicable legislation.

### VAT

VAT is shown calculated at 20%. The total price of a vehicle, including factory fitted options and accessories fitted by the Ford Dealer, will be subject to VAT on retail sale.

### Price Changes

This price list is effective from 1st April 2014, and supersedes all previous price lists. The prices in the publication were true and accurate at the time of printing. You should, however, check details with your Dealer as there may have been changes in view of Ford's policy of continuous development. The right is reserved to change prices at anytime. Change to government legislation or tax changes could result in a change to published prices.

## ILLUSTRATIONS, DESCRIPTIONS AND SPECIFICATIONS

The product information in this publication was correct at the time of going to print. However, Ford's policy is one of continuous product development. The right is reserved to change specifications and colours of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc., you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability.

Some images portrayed are of a pre-production model and/or are computer generated, therefore the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional e.g. metallic paint.

Please also note some driver assistance features and safety features described in this publication are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.
